

ZERO PLASTIC WASTE HAND SOAP SOLUTION

# Luxury Foaming Hand Wash Sachet System

## PRISTINE Foaming Hand Wash Soluble Sachet Solution

- ✓ Excellent foaming hand and body cleansing
- ✓ Refreshing Sakura Blossom fragrance
- ✓ Eliminates single-use plastic packaging
- ✓ Reduces storage requirements by 95%
- ✓ Reduces carbon emissions associated with transport by up to 95%
- ✓ Innovative vegan formulation
- ✓ Durable reusable bottle with foaming pump
- ✓ Compostable and recyclable packaging made from recycled Kraft paper

**1 PACK OF 20 SACHETS = 20 x SOAP BOTTLES**

Sachet solution reduces space, packaging and carbon emissions associated with transporting full bottles of soap to your establishment.

PRISTINE FOAMING HAND WASH SOLUBLE SACHETS OFFER A **SIMPLE, SMART, SUSTAINABLE** ALTERNATIVE TO BULK FILL HAND SOAP

# SKIN CARE

## Simple and safe refill process

Dosing is premeasured so it is always correct and costs are fully controlled. No handling of chemicals before water is added ensures minimal risk to the user.

## Reduced onsite storage required

Reduces storage requirements by 95% compared to bulk-fill liquid soap. One packet of soluble sachets makes 10 litres of product making it ideal for any size storage cupboard.

## Reduced carbon footprint

The product is prepared on the customer site when a sachet is added to water in a dispenser or bottle. There is no waste product or container to dispose of.

## Vegan friendly

The manufacturing process adheres to the highest quality standard and is Vegan Society Certified.

## No plastic packaging

Soluble sachets fully dissolve when added to water and are packaged in a Kraft paper pouch which means no single-use plastic is used.

## No animal testing

Dermatologically tested not animal tested.

## Sakura Blossom Foaming Hand Wash Sachets

Luxurious foaming hand wash sachets that you simply mix with water. Refreshing sakura blossom fragrance and innovative vegan formulation.
