

# Carpet Extraction Shampoo

Cleanline® Carpet Extraction Shampoo is a concentrated, low foaming shampoo that effectively cleans carpets and upholstery.

- Low foaming carpet cleaner removes dirt and general soiling and leaves a fresh, clean fragrance.
- Suitable for use with either hot or cold water carpet extraction machines.
- Developed to rapidly cut through grease and heavy soiling and able to suspend soiling for easy machine extraction.
- Can be used to pre-spray heavily soiled areas before shampooing and as a spot cleaner.
- For use on a wide range of colourfast carpets and upholstery.
- For spray application, use with a labelled Cleanline **T7** Carpet Cleaner bottle.
- 5 litre bottle made in the UK from at least 40% recycled HDPE.

#### RECOMMENDED DILUTION:

For application using a carpet cleaning machine:

Carpet Extraction Machine:	Dilute 1:50	Add <b>4 doses</b> (100ml) per 5 litres of water.
Carpet/fabric spot cleaning and pre-spraying:	Dilute 1:20	<b>T7</b> Trigger spray bottle: Add <b>2 doses</b> (50ml) to 600ml of water.

#### ENSURE YOU ARE WEARING RECOMMENDED PERSONAL PROTECTIVE EQUIPMENT (PPE) AND HAVE THE CORRECT EQUIPMENT FOR THIS TASK.

**Carpet Extraction Cleaning:** Always test for colour fastness in an inconspicuous area before use. Remove all furniture and vacuum the carpet thoroughly. If necessary, pre-treat the area to help remove spots and stains before cleaning. Fill the tank with prepared diluted solution. Shampoo the carpet in accordance with the machine manufacturer's instructions. Re-set the carpet pile by gently brushing in one direction with a stiff, synthetic carpet brush and allow to air dry. When dry vacuum the carpet thoroughly to remove any dried foam and loosened dirt.

**TIP: THE DRYING PROCESS IS THE MOST IMPORTANT STEP IN THIS CLEANING METHOD. AS IT DRIES, THE FOAM ABSORBS THE SOIL AND SETS UP THE SOIL BARRIER TO RETARD THE RE-SOILING OF THE CARPET PILE IN USE.**

**IMPORTANT: TEST MATERIAL COMPATIBILITY IN A SMALL, INCONSPICUOUS PLACE BEFORE USE TO ENSURE THE DYE OF THE FABRIC DOES NOT RUN**

#### CODE AND CASE SIZE:

**CL2012** - 5 litre (supplied in case of 4)

**CL9007** - Empty **T7** labelled trigger spray bottle

#### PRODUCT INFORMATION:

UFI: 1EEQ-K0GU-F00P-FR6C

Appearance: Blue liquid

Odour: Perfumed

Oxidising: Non-oxidising (by EC criteria)

Solubility: Soluble

Viscosity: Non-viscous

Flash point °C: >70

pH as supplied: 9.0 - 11

#### QUALITY ASSURANCE:

This product is manufactured in the UK for Bunzl UK & Ireland and produced under ISO 9001 Quality Management System & ISO 14001 Environmental Management Systems. This product has not been tested on animals.

#### ENVIRONMENTAL:

All surfactants used in Cleanline products comply with the current European regulations concerning biodegradability & protection of the environment.

#### SAFE HANDLING:

Always wear the correct Personal Protective Equipment (PPE) when handling, dispensing or using chemicals. All PPE should comply with appropriate standards and be readily available for use.

In case of an accident please refer to the product Safety Data Sheet (SDS) for immediate first aid measures and helpline telephone number for a medical emergency.

#### SAFE STORAGE:

Store sealed in original container in a cool, well ventilated area away from direct sunlight and extremes of temperature.
