

Orca hygiene.
SAFETY DATA SHEET
M15 ALL WEATHER SCREENWASH

SECTION 1: Identification of the substance/mixture and of the company/undertaking			
1.1. Product identifier			
Product name	M15 ALL WEATHER SCREENWASH		
1.2. Relevant identified uses of the substance or mixture and uses advised against			
Identified uses	Screenwash.		
Uses advised against	This product is NOT for human consumption. Use only for intended applications.		
1.3. Details of the supplier of the safety data sheet			
Supplier	Orca Hygiene Blackhouse Circle, Blackhouse Industrial Estate, Peterhead, AB42 1BN +44 (0)1779 871945 technical@orcahygiene.com		
Contact person	For content of safety data sheet: technical@orcahygiene.com		
Manufacturer	Orca Hygiene Blackhouse Circle, Blackhouse Industrial Estate, Peterhead, AB42 1BN +44 (0)1779 871945 technical@orcahygiene.com		
1.4. Emergency telephone number			
Emergency telephone	+44 (0)1779 871945		
National emergency telephone number	 For the emergency services - the ambulance, police and fire services - Tel: 999 / When you need medical advice or treatment but it is not an emergency - Tel: 111 		
SECTION 2: Hazards identification			
2.1. Classification of the subst	tance or mixture		
Classification (EC 1272/2008)			
Physical hazards	Not Classified		
Health hazards	Not Classified		
Environmental hazards	Not Classified		
2.2. Label elements			
Hazard statements	NC Not Classified		
Precautionary statements	P102 Keep out of reach of children. P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. P501 Dispose of contents/ container in accordance with local regulations.		

2.3. Other hazards

Other hazards	None known			
SECTION 3: Composition/info	rmation on ingredients			
3.2. Mixtures				
ETHANOL		5-10%		
CAS number: 64-17-5	EC number: 200-578-6	REACH registration number: 01- 2119457610-43-XXXX		
Classification Flam. Liq. 2 - H225				
The full text for all hazard state	ements is displayed in Section 16.			
SECTION 4: First aid measure	es			
4.1. Description of first aid me	asures			
Inhalation	Move affected person to fresh air at once. G	Bet medical attention if any discomfort continues.		
Ingestion	Never give anything by mouth to an unconscious person. Do not induce vomiting. Rinse mouth thoroughly with water. Get medical attention if any discomfort continues.			
Skin contact	Rinse immediately with plenty of water. Remove contaminated clothing. Get medical attent if irritation persists after washing.			
Eye contact	Rinse immediately with plenty of water. Remove any contact lenses and open eyelids wide apart. Continue to rinse for at least 15 minutes. Get medical attention if irritation persists after washing. Show this Safety Data Sheet to the medical personnel.			
4.2. Most important symptoms	and effects, both acute and delayed			
Skin contact	Prolonged contact may cause redness, irrita	ation and dry skin.		
Eye contact	May cause temporary eye irritation.			
4.3. Indication of any immedia	te medical attention and special treatment nee	eded		
Notes for the doctor	No specific recommendations.			
SECTION 5: Firefighting meas	sures			
5.1. Extinguishing media				
Suitable extinguishing media	The product is not flammable. Use fire-extin	guishing media suitable for the surrounding fire.		
5.2. Special hazards arising fr	om the substance or mixture			
Hazardous combustion products	Thermal decomposition or combustion products may include the following substances: Oxic of carbon. Toxic gases or vapours.			
5.3. Advice for firefighters				
Protective actions during firefighting	Control run-off water by containing and keep	ping it out of sewers and watercourses.		
Special protective equipment for firefighters	Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protectiv clothing.			
SECTION 6: Accidental release	se measures			
6.1. Personal precautions, pro	tective equipment and emergency procedures			
		-		

Personal precautions

For personal protection, see Section 8. Contaminated surfaces will be extremely slippery.

6.2. Environmental precautions

Environmental precautions	Collect and dispose of spillage as indicated in Section 13. Do not discharge into drains or watercourses or onto the ground.			
6.3. Methods and material for containment and cleaning up				
Methods for cleaning up	Stop leak if safe to do so. Absorb in vermiculite, dry sand or earth and place into containers. Flush contaminated area with plenty of water. Avoid the spillage or runoff entering drains, sewers or watercourses.			
6.4. Reference to other sections				
Reference to other sections	For personal protection, see Section 8. See Section 11 for additional information on health hazards. For waste disposal, see Section 13.			
SECTION 7: Handling and storage				
7.1. Precautions for safe handling				
Usage precautions	Provide adequate ventilation. Avoid contact with skin and eyes.			
Advice on general occupational hygiene	No specific hygiene procedures recommended but good personal hygiene practices should always be observed when working with chemical products. Wash at the end of each work shift and before eating, smoking and using the toilet.			
7.2. Conditions for safe storage, including any incompatibilities				
Storage precautions	Store in tightly-closed, original container in a dry, cool and well-ventilated place.			
7.3. Specific end use(s)				
Specific end use(s)	The identified uses for this product are detailed in Section 1.2.			
SECTION 8: Exposure control	s/Personal protection			

8.1. Control parameters

Occupational exposure limits

This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

ETHANOL

Long-term exposure limit (8-hour TWA): WEL 1000 ppm 1920 mg/m³

propan-2-ol

Long-term exposure limit (8-hour TWA): WEL 400 ppm 999 mg/m³ Short-term exposure limit (15-minute): WEL 500 ppm 1250 mg/m³ WEL = Workplace Exposure Limit.

8.2. Exposure controls

Protective equipment

Appropriate engineering controls	Provide adequate ventilation.
Eye/face protection	No specific eye protection required during normal use.
Hand protection	For users with sensitive skin, it is recommended that suitable protective gloves are worn.
Other skin and body protection	Wear appropriate clothing to prevent repeated or prolonged skin contact.

Hygiene measures	When using do not eat, drink or smoke. Good personal hygiene procedures should be implemented. Wash hands and any other contaminated areas of the body with soap and water before leaving the work site. Use appropriate skin cream to prevent drying of skin.		
Respiratory protection	Respiratory protection not required.		
SECTION 9: Physical and ch	emical properties		
9.1. Information on basic phy	sical and chemical properties		
Appearance	Liquid.		
Colour	Blue.		
Odour	Alcoholic.		
рН	pH (diluted solution): 7.0 - 9.0		
Relative density	~ 0.98 @ 20°C		
Solubility(ies)	Soluble in water.		
Explosive properties	Not applicable.		
Comments	Information given is applicable to the product as supplied.		
9.2. Other information			
Other information	Not applicable.		
SECTION 10: Stability and re	activity		
10.1. Reactivity			
Reactivity	There are no known reactivity hazards associated with this product.		
10.2. Chemical stability			
Stability	Stable at normal ambient temperatures and when used as recommended.		
10.3. Possibility of hazardous	reactions		
Possibility of hazardous reactions	Not applicable.		
10.4. Conditions to avoid			
Conditions to avoid	Avoid exposure to high temperatures or direct sunlight.		
10.5. Incompatible materials			
Materials to avoid	No specific material or group of materials is likely to react with the product to produce a hazardous situation.		
10.6. Hazardous decompositi	on products		
Hazardous decomposition products	Does not decompose when used and stored as recommended.		
SECTION 11: Toxicological in	Iformation		
11.1. Information on toxicolog	jical effects		
Toxicological effects	Information given is based on data of the components and of similar products.		
Acute toxicity - oral Notes (oral LD₅₀)	Based on available data the classification criteria are not met.		
Acute toxicity - dermal			

Notes (dermal LD₅₀)	Based on available data the classification criteria are not met.
Acute toxicity - inhalation Notes (inhalation LC_{50})	Based on available data the classification criteria are not met.
Skin corrosion/irritation Skin corrosion/irritation	Not classified. Based on available data the classification criteria are not met.
Serious eye damage/irritation Serious eye damage/irritation	Based on available data the classification criteria are not met.
Respiratory sensitisation Respiratory sensitisation	Not sensitising. Based on available data the classification criteria are not met.
Skin sensitisation Skin sensitisation	Not classified. Based on available data the classification criteria are not met.
Germ cell mutagenicity Genotoxicity - in vitro	Does not contain any substances known to be mutagenic.
Carcinogenicity Carcinogenicity	Does not contain any substances known to be carcinogenic.
Reproductive toxicity Reproductive toxicity - fertility	Does not contain any substances known to be toxic to reproduction.
Specific target organ toxicity -	single exposure
STOT - single exposure	Not classified as a specific target organ toxicant after a single exposure.
Specific target organ toxicity -	
STOT - repeated exposure	Not classified as a specific target organ toxicant after repeated exposure.
General information	This product has low toxicity.
Inhalation	No specific health hazards known.
Ingestion	May cause irritation. Symptoms following overexposure may include the following: Stomach pain. Nausea, vomiting. Diarrhoea.
Skin contact	Skin irritation should not occur when used as recommended. Repeated exposure may cause skin dryness or cracking.
Eye contact	May cause temporary eye irritation.
Toxicological information on ir	ngredients.

ETHANOL

Skin corrosion/irritation

Summary	No data available.
Serious eye damage/irritat	ion
Summary	Eye Irritation
Respiratory sensitisation	
Summary	No data available
Skin sensitisation	
Summary	No data available

Germ cell mutagenicity	
Summary	No data is available on this product.
Carcinogenicity	
IARC carcinogenicity	IARC Group 1 Carcinogenic to humans.
Reproductive toxicity	
Summary	No data is available on this product.
Specific target organ toxicit	y - single exposure
Summary	No data available
Specific target organ toxicit	y - repeated exposure
Summary	No data available
Aspiration hazard	
Summary	No data available
Acute and chronic health hazards	Symptoms of overexposure may be headache, dizziness, tiredness, nausea and vomiting.

UN number	None known. derations ds The generation of waste should be minimised or avoided wherever possible. The packaging must be empty (drop-free when inverted). Waste packaging should be collected for reuse or recycling. Dispose of waste to licensed waste disposal site in accordance with the requirements of the local Waste Disposal Authority. mation The product is not covered by international regulations on the transport of dangerous goods (IMDG, IATA, ADR/RID).	

14.3. Transport hazard class(es)

No transport warning sign required.

14.4. Packing group

Not applicable.

14.5. Environmental hazards

Environmentally hazardous substance/marine pollutant No.

14.6. Special precautions for user

Not applicable.

14.7. Transport in bulk according to Annex II of MARPOL and the IBC Code

Transport in bulk according to Not applicable. Annex II of MARPOL 73/78 and the IBC Code

SECTION 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture		
National regulations	Control of Substances Hazardous to Health Regulations 2002 (as amended). EH40/2005 Workplace exposure limits.	
EU legislation	 Commission Regulation (EU) No 2015/830 of 28 May 2015. Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures (as amended). Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) (as amended). Commission Directive 2000/39/EC of 8 June 2000 establishing a first list of indicative occupational exposure limit values in implementation of Council Directive 98/24/EC on the protection of the health and safety of workers from the risks related to chemical agents at work (as amended). Regulation (EC) No 648/2004 of the European Parliament and of the Council of 31 March 2004 on detergents (as amended). 	

15.2. Chemical safety assessment

No chemical safety assessment has been carried out.

SECTION 16: Other information	
Abbreviations and acronyms used in the safety data sheet	PBT: Persistent, Bioaccumulative and Toxic substance. vPvB: Very Persistent and Very Bioaccumulative.
Revision	1
SDS number	24603
Hazard statements in full	H225 Highly flammable liquid and vapour.
