(1) These dimensions are indicative of standard print areas. Location and shape of logo will effect its maximum printable size on any helmet and any significant increase to the dimensions shown may result in possible distortion of logo

(2) It is important to identify the colour of the safety helmet as your helmet colour may be one of the colours in your logo, thereby reducing colours required

CORPORATE BADGING

At Centurion, we aim to make the complex simple. Our four-step corporate badging process makes branding safety helmets easy. We are proud that we can despatch orders of under 500 units within 10 working days of their inception.
