

M33 POWERWASH TFR

SCRUBB

PRODUCED BY Orcahygiene.

FAST & EFFECTIVE ROAD GRIME REMOVAL

Powerful caustic traffic film remover concentrate quickly penetrates dirt and grease. Formulated with water-softening ingredients to enhance performance and protect pressure-washers from scale build up. Excellent cleaning performance for commercial vehicles, trucks, plant and agricultural vehicles.

- Powerful grease and road film removal
- High alkali formulation
- Controlled foam for easy rinsing

DIRECTIONS FOR USE:

FOR HEAVY DUTY CLEANING OF VEHICLES, MACHINERY, PLANT & EQUIPMENT: Dilute according to level of soil, aiming for a nozzle-tip concentration of between 1% for light soiling to 5% for heavy soiling. Pre-rinse surfaces with water, removing heavy deposits, then apply M33 Powerwash solution through a pressure washer or a hand-held sprayer at the appropriate dilution. Allow between 2-5 minutes contact time but do not allow to dry on surfaces. Then use a pressure-washer to thoroughly rinse with water working from the top to the bottom. **DO NOT USE ON ALUMINIUM OR ALKALI-SENSITIVE SURFACES.**

**ASK ABOUT OUR
HAND CARE RANGE!**

CONTAINS:
sodium hydroxide, caustic soda
