

1 LITRE

ACID WASHROOM & LIMESCALE CLEANER INFORMATION SHEET

Description:

A concentrated liquid designed to clean, disinfect and deodorise most washroom surfaces, including stainless steel.
It is effective against most common forms of bacteria.

Use instructions:

- For General Washroom Cleaning: Dilute 1 part to 60 parts water.
- For Stainless Steel Cleaning: Dilute 1 part to 40 parts water.
- Use neat for disinfecting drains.
- Apply to surface by cloth, allow a few minutes contact time, agitate and then wipe away with a damp cloth leaving a clean disinfected surface.
- It will kill most commonly found bacteria.
- Always clean vertical surfaces from the bottom up to avoid unsightly streaking.
- Ideal for many washroom surfaces including toilets, urinals, washbasins, sinks, tiles, counter surfaces and floors.
- Do not use on acid sensitive surfaces or vitreous enamel.

Technical Data:

State:	Liquid
Colour:	Yellow
Odour:	Citrus perfume.
Oxidising:	Non-oxidising (by EC criteria)
Solubility in water:	Soluble
Viscosity:	Viscous
Boiling point/range°C:	100
Flash point°C:	>93
pH:	2.5

Storage Information:

Store in a cool, well ventilated area. Keep container tightly closed.
