- Ultimate stretch material provides unique freedom of movement and high comfort.
- The water-repellent multifunctional stretch material combines a low weight with a very high durability.
- Ergonomically shaped trouser legs are constructed to follow the body's natural movements.
- Ruler pocket with Kevlar® reinforcement - particularly resistant to pointed and sharp objects.
- Prepared for holster pockets 19450-126, which are attached with buttons.
- Effective ventilation to the leg via the zip on the back of the thigh.
- The kneepad pockets of durable CORDURA® are adjustable so the kneepads have the optimal position on your knees.
- Co-certified for use with MASCOT kneepad type SHORT or LONG, as the kneepad pocket is height-adjustable.
- The product tolerates industrial washing.

ProWash®

Logo

As the product is made of stretch material, a stretchable transfer must be used when printing on the product. You should choose a transfer that can be heated at a maximum of 145 degrees with consideration to print on the product. Remember to check the washing instructions for the chosen transfer before washing the product.

The product is certified with maximum (82+90 cm) 0,0300 m² (76 cm) 0,0400m² logo area. This approved area must not be exceeded. Logo on, respectively, front or back of the product can constitute only a maximum of 50% of the total approved logo area in order to maintain the EN ISO 20471-certification. Note: The listed area is only a guide to how much space is available for logo placement. In order to maintain the product's hi-vis class according to EN ISO 20471, the instructions on logo size must be observed.

Logo placement:

- Workwear logo. Over left front pocket. Max 11x6 cm/4.3x2.3 inches

pockets 19450-126, which are attached with buttons. Each standard leg length can be lengthened by 3 cm by releasing the internal red stitches. We recommend 00418-100, 00718-100, 50454-916 & 20118-915 kneepads for this model. Co-certified together with kneepad type SHORT or LONG in accordance with EN 14404.
